

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Students will be identified for inclusion in the summer school program through classification in the following areas: Children with disabilities (including infants, toddlers, children, and youth with disabilities eligible under the Individuals with Disabilities Education Act [IDEA]), state

standardized tested grade levels, students from low-income families, and students experiencing homelessness. The main indicator for student inclusion will be state standardized test scores.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children with Disabilities	Academic Growth	50	Common assessments and state standardized test will be used to measure impacts.
Children from Low-Income Families	Academic Growth	50	Common assessments and state standardized test will be used to measure impacts.
Students Experiencing Homelessness	Academic Growth	20	Common assessments and state standardized test will be used to measure impacts.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

The Ambridge Area School District will be using newly purchased evidence based resources related to the ELA and Mathematics series.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
12	Internal Provider	Summer School Instructors

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Common Assessments	3 times per year	Students in summer school will show positive performance growth in District created common assessments and state standardized test scores.

6. How will the LEA engage families in the summer school program?

Bridger-Blasts and communications will be constantly sent to families advertising and updating families about summer school.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget
 \$51,620.00
Allocation
 \$51,620.00

Budget Over(Under) Allocation
 \$0.00

Budget Summary

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$25,560.00	Summer school teacher slaries for the 22-23 school year.
1000 - Instruction	200 - Benefits	\$10,224.00	Summer School teacher benefits for the 22-23 school year.
1000 - Instruction	100 - Salaries	\$9,836.00	Summer school teacher slaries for the 23-24 school year.
		\$45,620.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget
 \$51,620.00
Allocation
 \$51,620.00

Budget Over(Under) Allocation
 \$0.00

Budget Summary

Function	Object	Amount	Description
2700 - Student Transportation	400 - Purchased Property Services	\$3,000.00	Summer School Transportation for the 2022-2023 school year.
2700 - Student Transportation	400 - Purchased Property Services	\$3,000.00	Summer School Transportation for the 2023-2024 school year.
		\$6,000.00
