Introduction

The following pages represent the rules and regulations for student behavior at Ambridge Area School District. Important information for a successful school year is outlined. Students are encouraged to review this information with their families. Those who follow the rules and practice good manners experience success.

Once the handbook/planner is distributed, each student and a parent/guardian must sign-off that they have received a copy and are aware of its contents. They also must complete a computer usage and prescribed medication form located at the end of this section. Cooperation with regard to this process is greatly appreciated.

Failure to comply with this procedure could result in exclusion from sports, field trips, school activities and/or disciplinary action. Together we will have a positive and successful school year.

Revisions to this handbook may be made during the school year as the result of Board policies approved after the date of publication. In such cases students and their parents will be advised of additions or deletions and their impact on students' safety and conduct.

If you would like to meet with staff or administration, we ask that you make an appointment so that we can be sure to give your questions the time and attention they deserve.

CHANGE OF ADDRESS/PHONE

Parents are to notify the school office with change of address, phone number or emergency information as soon as possible. Updated information is essential should an emergency occur. Parents may update their own information in the Tyler System.

CHEATING

Any student caught cheating on a test or assignment will receive a grade of "zero" for that test or assignment. Details of the incident will be submitted by the teacher to the administration for possible additional disciplinary action.

CURRICULUM

The content, skills, and assessments for each course are presented in the District's Curriculum Maps. These maps are aligned to the Pennsylvania Core Standards. The elementary course of study is organized as prescribed by the Department of Education. Reading, which is considered to be the most important area, receives the greatest time allotment, and is integrated within all other areas. In reading, the children are exposed to a variety of strategies. Numerous supplemental materials are utilized to enrich and enhance the program.

Social Studies is taught as a combination of geography and history. Mathematics, health, science, and handwriting are included in the daily schedule. Art, general music, library, STEAM, and physical education occur once a week. Instrumental music lessons and chorus are offered to fourth and fifth grade students as part of the curriculum.

All elementary schools are equipped with a computer lab. The lab is equipped with a network system which includes applications for all necessary operations. Students and parents are required to sign the AASD Computer Usage Policy before using the District's computer labs.

DANCES

The Parent Teacher Association (PTA) / Parent Teacher Organization (PTO) sponsor school dances. The following rules apply:

1. Any student who was given an ISS or OSS is not permitted to attend any dances following the suspension without prior permission from the principal.
2. After entering the dance, no student is permitted to leave unless a parent/guardian comes for them.
3. All school rules of behavior and dress code are enforced at dances. Any student sent home from a dance for disciplinary reasons could be suspended.
4. Under no circumstances will outsiders or guests be permitted to attend.
5. Rides should be at the school when the dance ends. **Any student still remaining 15 minutes after the dance will not be permitted to attend the next dance.**
6. Students who are absent on the day of a dance may not attend; exception would be an official doctor's excuse presented to the office or to the administrator at the dance.
7. Students with disciplinary violation(s) or attendance concerns may be prohibited from attending or participating in school dances.
8. Food and drinks may be purchased at the dances.

DEBTS

Students owing money for lost or damaged textbooks, broken or lost evices, or any other financial responsibility, will not receive their report card. Ultimately, the student will not receive his/her high school diploma unless the account is paid.

DETENTION

If a student is assigned detention by the principal or a teacher for misbehavior, he/she must report to the teacher's room or office immediately. Failure to report for detention will result in suspension.

Students will be assigned lunch detention for various levels of misconduct. They will be required to bring books to a specified room, eat lunch, and work on school assignments until their lunch period is over.

DISCIPLINE POLICY AND COMPUTER USAGE

Parent(s)/guardian(s) and students are responsible for reviewing all the policies set forth in the handbook. The student will return the signature page of the handbook along with the computer usages and responsibility page to his/her homeroom teacher.

DRESS CODE

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. See Board Policy 221. A student's appearance must be appropriate for the learning environment. This dress code is designed to serve both purposes.

Students are expected to wear clean, neat clothing that is comfortable and, at the same time, is considered in good taste by the school population, staff and visitors. School clothing should be appropriate for the time, place, known class activities and weather conditions.

The following are specific interpretations of this policy:

1. Students are not permitted to wear outer jackets or coats in the school building or its classrooms during school hours.
2. All headwear is prohibited from being worn, except that permitted as a religious expression under relevant law. Hoods may not be worn up while indoors. Bandanas are not permitted to be worn anywhere on one's person or personal belongings.
3. All pants and shorts must be worn in a manner deemed acceptable by the administration. Clothing must be sized appropriately. Excessively baggy-style pants or any styles that expose areas below the waist are not permitted. Pants and shorts must be worn around the waist at all times. Pants may not be so long as to prevent safe movement without tripping.
4. Students are not permitted to wear extreme fashions in apparel, jewelry or grooming that are distracting, disruptive, disrespectful, revealing or unsafe.
5. Students are not permitted to wear tube tops, chained wallets or spiked jewelry. Clothing

may not display bare midriffs. See-through clothing, sleepwear and apparel that is excessively tight fitting is prohibited.

6. Appropriate undergarments must be worn and shall not be exposed.
7. Clothing that may disrupt the educational process is not permitted, including those that display vulgarities, obscenities or discriminatory words or images. This includes clothing that portrays suggestive sexual logos from restaurants, bars or other establishments. Clothing that promotes the use of drugs, alcohol or tobacco products or that includes sexual innuendos is not permitted. Any clothing that expresses violence and/or profanity in any form is prohibited.
8. Any clothing that symbolizes affiliation with gangs or cults is prohibited.

The administration shall determine appropriate school attire/appearance and reserves the right to redirect, counsel or temporarily remove any student whose clothing/appearance causes or may cause a disruption to the educational process. If necessary, parental/guardian notification will occur and their assistance utilized to bring the student's dress into compliance.

Parent/guardian cooperation is required to ensure that students comply with this policy. In extreme cases or after repeated reminders to conform to the dress code, it is possible that students may be asked to return home to change clothes or to bring acceptable articles into school in anticipation of future needs. Students who refuse to conform to this policy or otherwise are unreasonably uncooperative may be subject to discipline.

EARLY DISMISSAL

If a student is being dismissed early from school, a note from the parent/guardian is required to be sent with the student. The student is required to bring the note to the office before or during homeroom. FOR THE SAFETY OF ALL STUDENTS, IF A STUDENT HAS A PICK-UP BY ANYONE OTHER THAN THE PARENT/GUARDIAN, IT MUST BE STATED IN THE NOTE, AND APPROPRIATE IDENTIFICATION IS REQUIRED.

The parent/guardian must report to the office with appropriate identification and sign the student out and write an early dismissal note. However, when a student comes to school late or back from an

appointment, the parent/guardian does not have to come into the office with the student.

EMERGENCY CARDS (Health Office)

All students are required to have a completed emergency card by the parent/guardian on file in the nurse's office in the event of an emergency.

FIELD TRIPS

Field trips are planned at the teacher's discretion. The student may be responsible for costs associated with the field trip. A permission slip sent home must be signed by the parent/guardian and returned before the student is permitted to attend the field trip. Students with disciplinary violation(s) or attendance concerns may be prohibited from attending or participating in school field trips. Students violating Level III of the Student Discipline Code will not be permitted to attend field trips.

FIRE DRILL/EMERGENCY EVACUATION DRILL

Follow directions given by your teacher or adult in charge and walk quickly and quietly to the nearest exit. Refer to fire exit procedures.

GRADES AND REPORTING

Student progress is reported every nine weeks. Teacher comments are also used to describe student work and monitor student progress. The following method of reporting grades is used in the Ambridge Area School District:

- A – 90-100
- B – 80-89
- C – 70-79
- D – 60-69
- E – 59 and below

GUM CHEWING

GUM CHEWING IS NOT PERMITTED IN SCHOOL. Careless disposal of chewing gum in drinking fountains, on furniture, and floors presents sanitation and cleaning problems. Students caught with gum will be disciplined under the Student Discipline Code. Repeated violations may lead to school suspension.

HALL PASSES

The hall pass is primarily used for a restroom break. Students are not to abuse the use of the hall pass.

HEALTH OFFICE

Passes to the health office must be obtained from the student's subject teacher. Any medication to be administered during the school day should be hand delivered to the nurse by the Parent/Guardian to the , this includes cough drops. Students are not permitted to carry any type of medication during school hours. If a student becomes ill at school, the nurse or school personnel will call home. Students are not to call home to be excused because of illness.

HOMEWORK

Homework helps the pupil reinforce the basic skills and provides an opportunity for individual research projects. It also helps in providing parents with an understanding of the types of work and subject matter with which the child is involved. Some suggestions to help your child: (1) Provide a favorable environment for home study, (2) Help your child develop a study schedule, (3) Encourage your child to discover and learn for themselves.

A telephone call to the office or a written request should be sent whenever a parent/guardian requests homework or make-up work for a student who will be absent from school for a lengthy period of time. Requests for daily homework assignments should be made in the morning for pick-up in the afternoon. Students are to turn in homework upon returning to school.

LOST AND FOUND

Articles found in and around the school and/or on the bus should be brought to the office. All items that remain unclaimed at the end of the school year will be donated to a local charity.

MEDICATION POLICY

Ideally, all medication should be given at home. It is recognized that many students are able to attend school because of the effectiveness of medication in the treatment of chronic disabilities and illnesses.

However, any student who is required to take medication during the school day must comply with school regulations. These regulations include the following:

Prescribed medications

Upon written request from the physician and parent or guardian, the school nurse may administer the prescribed medication to the student. Included in the request must be the name of the student, name of the medication, dosage and frequency, and the reason for administering.

All medication must be in the original protective container which is properly labeled by the physician or pharmacy.

Non-prescriptive medications

Non-prescriptive drugs and medication may be administered by the school nurse, only after the following conditions are met:

- A written request or authorization from the parent/guardian is required. Included in the request must be the name of the student, name of the medication, dosage, frequency, and the reason for administering.
- All medications must be in the original protective containers which are properly labeled by the physician or pharmacy.

All medication

For any medication to be dispensed within the district, the following guidelines must be met:

- Any medication to be administered during the school day must be taken to the nurse's office (or main office) by the Parent/Guardian.
- Students will not be permitted to carry pills or any medication during school hours.

PARENT-TEACHER CONFERENCES

Parents are ultimately interested in the educational progress of their children. A conference will serve as an opportunity for students, parents, and teachers to become better acquainted.

Conferences between students, parents, and teachers may be initiated by either of the above as the situation warrants, whether it be student need, teacher, or parental request. The conference should be scheduled ahead of time at the convenience of both teacher (*preferably during the*

planning period before or after school) and the parent. The school district has built into their school calendar two conference days, one in the fall and one in the spring.

PROGRESS REPORTS

Progress reports are paperless. Parents are required to review student grades on Tyler five (5) weeks into every nine (9) week marking period. Progress reports are a way to communicate to parents how their child is progressing at school. Parents with questions can contact teachers directly by phone at 724-266-2833 (press 8 for dial by name) or by e-mail.

PROMOTION/RETENTION

The following recommendations are made relative to the promotion or retention of elementary students in the Ambridge Area School District. Each individual case will be analyzed and reviewed carefully. Action taken will best serve the interests of the child. Presently, the school district's policy indicates that no child should be retained for more than one year in a single grade, and not more than two years in grades one through six without special permission. These retentions should take place in the primary grades rather than in the intermediate grades if it is at all possible.

The Building Principal shall be assigned the final responsibility for determining the promotion or retention of each student.

RE-ENTRY FROM PLACEMENT GUIDELINES

- A re-entry meeting will occur prior to the student returning to the classroom. At this time, if it has not already been done, a release must be signed to allow the school and those involved with aftercare to communicate with the agency.
- If the student is referred to treatment by the school, the release can be signed immediately at the agency. If the parent/guardian places the student in treatment, the parent/guardian and student need to sign the release.
- Release of information allows the following people to be apprised of the student's recovery progress:
 - SAP team members

- Administration
- Social worker
- Teachers (as necessary)
- Aftercare Facilitator
- Parent/Guardian

SCHOOL IMMUNIZATIONS

All students, kindergarten through grade 12, including all public, private, and parochial schools,

must show proof of immunization before they are permitted to attend school in the Commonwealth. STUDENT SUPPORT SERVICES

The Ambridge Area School District provides an array of services to the elementary, middle and senior high students through its educational programs, partnerships, and viable network of outside agencies and resources.

Student Support Services include vision and

hearing screenings, counseling, social skills groups, speech, vision, hearing, occupational, and physical therapies, psychological evaluations, Student Assistance Program, attendance monitoring, enrollment and Chapter 14, 15 and 16 Services.

Multi-Tiered System of Support (MTSS) helps by focusing on strategies, interventions, and accommodations to help students learn and succeed. Its goal is to help improve reading and math skills for academic success as well as social skills for positive social interactions.

The Student Assistance Program (SAP) is available at the Elementary schools, the Ambridge Area Middle School, and the Ambridge Area Senior High School.

The school district has a student attendance policy. The Social Worker keeps track of student tardiness and absences and will abide by the District Attendance Policy.

Services are provided to students with disabilities that require supports according to their Individualized Education Plan (IEP). Gifted Individual Education Plan (GIEP), or their 504 Plan.

If you have any questions, please contact your child's school.

STUDENT ASSISTANCE PROGRAM (SAP)

- The Ambridge Area Student Assistance Program is a component of the Ambridge Area School District's educational and referral-based program.
- The SAP Teams are multi-disciplinary teams composed of school personnel (administration, school nurse, social workers, and teachers) trained to understand and work with students and parent(s) / guardian(s) of students who are at risk regarding issues of adolescent chemical use, abuse, and dependency.
- Mental health issues such as suicide ideation, attempts, threats, and depression are also addressed through this program. SAP's primary role is the identification, intervention, and referral to a licensed drug and alcohol agency or mental health facility. SAP works in cooperation with the family, school professionals, and community

agencies to address students at risk for depression and suicide, and will follow Ambridge Area School District policy entitled Students at Risk.

- If you, as a parent/guardian or community member, have a concern about a young person, you are encouraged to contact the SAP coordinator, child's teacher, social worker, or building principal.

STUDENT PLANNERS

The district provides the first planner for students in grades three, four and five at no cost. The student planners are school property. The planner is required and intended to help students become organized and to give parents a communication tool between school and home. The replacement cost for a planner is \$8.00. New planners may be purchased in the office.

In order to comply with the Federal Family Education Right and Privacy Act plus the Buckley Amendment, the Ambridge Area School District is giving official notice of the following:

1. Directory information will be made available during the course of the year to publicize school functions in the news media. If the parents object to the directory information being made available to the news media, they should write a letter to the building principal stating that such information be withheld from the media concerning their child. booklet.

3. Parents of students or eligible students are hereby notified of their rights under the Buckley Amendment. A copy of the Student Record Policy may be viewed in the building principal's office. Parents of students or eligible students have a right to file complaints concerning alleged failures by the Ambridge Area School District to comply with the Buckley Amendment by writing to the OFFICE OF HEALTH, EDUCATION AND WELFARE. Parents of students or eligible students who have been identified as having their primary or home language other than English will be notified personally by the principal's office of the provisions of the Student Policy for English Language Learners.
4. The Ambridge Area School District shall forward educational records on request to a school once a child seeks or intends to enroll in that school. The parent of the student, or eligible student, upon request, shall be furnished copies of the educational records that have been transferred. SUSPENSIONS (ISS) and (OSS)

In-school suspension (ISS) and out-of-school suspension (OSS) are instituted for students not obeying school rules.

Students who receive an out-of-school suspension (OSS) or expulsion are not permitted on school property for any reason, which also means they are not to attend or participate in any school functions.

TESTING

In accordance with the recommendation of the

Superintendent of Schools, the Board of Education has approved a testing program designed to provide information concerning the proficiency of children in the district on standardized tests of academic achievement and aptitude.

The results of these tests provide a continuing record of each child's academic progress in comparison with national norms. They are also an invaluable aid to your child's teacher for identifying individual strengths and weaknesses in order to provide more effective individualized instruction. During the coming school year, the following tests may be administered to your child as part of this program.

Parents and Students: It is strongly advised that items of value (even sentimental value) should never be brought to school.

TWO HOUR DELAYS

When school is delayed two hours due to inclement weather, all students, grades Pre-K-5, will ride their regular bus to school. The bus will arrive at their bus stop approximately two hours later than the regular time.

Please refer to the District website, radio, or TV stations for announcements of emergency school closings, delays, and early dismissals listed on page 7.

Vacation - Make-Up Work

When it is necessary for your child to be absent due to vacation, contact the main office for a vacation request form. A vacation request must be completed and signed by the school administrator prior to absences and not after the vacation or the student will be marked with illegal absences.

The student, upon returning, will have ample time to make up the work that was missed. It is not necessary to send the work or books with them on vacation.

Please discuss with the child's teacher or principal

about educational ideas that could be incorporated into your vacation. Remember, if handled properly, a vacation can be fun and exciting as well as educational.

VISITORS

Due to the State's school safety laws, students are not permitted to bring visitors to school during the regular school day.

All visitors, regardless of their purpose in the school, **MUST** report to the office. No one is permitted in the school without authorization from the office and a visitor's badge. Former students visiting teachers may only enter the building after 3:30 pm.

VOLUNTEERS

Volunteers are encouraged to become a member of the PTA/PTO.

Volunteers must have all four clearances:

Volunteers must follow all confidentiality laws. Volunteers must report concerns to the building Principal.

AMBRIDGE AREA SCHOOL DISTRICT ATTENDANCE POLICY

The purpose of this policy and its associated guidelines is intended to promote regular school attendance and to facilitate the academic, social, emotional, and physical development of students.

Compulsory School Attendance Law

The compulsory school attendance law of the Commonwealth of Pennsylvania (24 PS 13-1327) requires every child of compulsory school age to be in school attendance, unless absent for an approved reason, and charges the parents/guardian of the child with the responsibility for the child's school attendance. The Elementary Secondary Act (ESS) Federal law indicates a 94% attendance rate as the benchmark for academic success. The attendance rate at the elementary and the attendance/graduation rate at the secondary level are used to determine Annual Yearly Progress. **In order to be in compliance with ESS, any student missing 10 or more unexcused days (independently or combined) will be subject to a citation. As a result of a magistrate's ruling, fines could be levied and/or driver's license suspended.** Attendance is compulsory from the Federal level down to the State level with local districts being held accountable for enforcing attendance policies.

ABSENCES

"Absence" is the failure of a student to attend school on those days, half days, and minutes school is in session.

<u>Excused Absence/Tardy:</u>	<u>Unexcused Absence/Tardy:</u>
<ul style="list-style-type: none"> ▪ College Visitation/Junior-Senior Excusal for Interviews (Maximum of 3 days total) ▪ Court Appearance ▪ Death in the Immediate Family ▪ Delay or Absence of School Bus (MUST notify school) ▪ Dental and Medical Appointments (with written documentation from doctor) ▪ Educational Tour/Trip ▪ Family Vacation (Maximum of 5 days with advance principal approval) ▪ Homebound Instruction (as determined by medical examination and principal approval) ▪ Illness/Health Care ▪ Impassable Roads ▪ Quarantine ▪ Religious holidays and Religious instruction 	<ul style="list-style-type: none"> ▪ Babysitting ▪ Days identified as "skip days" ▪ Gainful employment ▪ Hair Appointment ▪ Having a vehicle fixed/inspected ▪ Hunting ▪ Leaving school without permission ▪ Missing the school bus ▪ Non-approved sporting events ▪ Non-approved trips ▪ Non-school related activities ▪ Shopping ▪ Truancy

* The list is not all-inclusive and does not preclude the classification of other absences as excused or illegal/unexcused as determined by building administration.

Tardiness

A student who is tardy to school after the late bell must report directly to the school office where a tardy slip will be issued to be given to the student's teacher for admittance to class.

Tardy minutes to school accumulate. There are 360 minutes in a school day, and when a student accumulates 360 minutes tardy to school or leaves for an early dismissal, it will count as one (1) unexcused absence. Notification letters will be sent home when the student has accumulated a total of:

1. 1080 total minutes tardy = 3 days
2. 2520 total minutes tardy = 7 days
3. 3600 total minutes tardy = 10 days

Tardiness vs. Half-Day Absence

	Elementary	Secondary
Tardy	8:35AM – 11:30 AM	7:35 AM – 11:00 AM
Half-Day	11:30 AM – 12:30 PM	11:00 AM – 12:00 PM

Early Release From School

Any student who leaves school during the day must have parental permission. A medical excuse is required from the doctor (within 3 days) in order for the absence to be excused.

COMPULSORY ATTENDANCE AND TRUANCY ELIMINATION PROGRAM

1. Parent/guardian should direct their children to report to school even when it appears that the child may be late for school. **The parent/guardian is urged to call the school office whenever their child will be absent from school. A written parental excuse must be received by the school office upon return to school.**
2. For students to receive credit for a course, they must meet both academic and attendance requirements established and approved by the Ambridge Area Board of Education. Student attendance and participation in a class are crucial to the learning process.
3. A parent can only excuse ten (10) student absences during the school year. Absences beyond the tenth day require documentation; a parent note must be received by the attendance office within three (3) days of the student's return to school from an absence. A letter will be sent home on the 10th day of parental excuses, after which a medical excuse will be required for additional absences.
4. A written notice will be sent home for students following the 3rd, 7th, and 10th unexcused/illegal absences for the school year. (Keep in mind that any absence that isn't documented within three days after returning to school is considered unexcused/illegal).
5. Upon receiving the third notice (10 school days), the student will also be referred to the District Magistrate. Additional citations will be issued following continued absences.
6. To support and prevent patterns of absenteeism, the following may occur:
 - Referral to the AASD Social Worker
 - Referral to Truancy
 - Referral to SAP/Child Study
 - Referral to CYS
 - Referral to Magistrate
 - Referral to Beaver County Behavioral Health.

AMBRIDGE AREA SCHOOL DISTRICT BUS RULES REGULATIONS

All Kindergarten students will be returned to the school if an adult or parent is not at the bus stop to meet them.

Bus violations are taken very seriously. They jeopardize the safety and well-being of all the students on the bus. Improper behavior on the bus is totally unacceptable and will not be tolerated. Students are expected to comply with bus regulations and be cooperative and courteous with the driver. The driver is in charge of enforcing bus policies while students are on the bus.

OBJECTIVE: The objective of the AASD is to provide every student who uses school-provided vehicles with safe transportation to and from school.

PARENTS: In order to achieve this objective, we need the support of parents. We are asking that parents should review the following school bus rules with their children and let them know the critical importance of following directions and not distracting the bus driver.

BUS RULES:

Students shall:

1. Enter the bus, take a seat and **remain seated** until it is time to exit the bus
2. **Keep their hands and feet to themselves** and under **no circumstances** have body parts such as hands or head outside of the bus window
3. **Not throw or toss** items in or outside of the bus
4. **Not eat or drink** on the bus
5. **Speak in a low tone of voice**, no screaming or inappropriate language is allowed.
6. **Only ride on the assigned bus** and in some cases sit in assigned seat as designated by the school principal
7. **Follow all school rules** and regulations as outlined in the Student [Code of Conduct](#) found in the Student Handbook which is available on the district/school website
8. **Listen to and follow the directions** of adults in the bus such as the bus driver, bus aide or building staff member

Caution to students & parents:

Students' bus transportation to and from school is a **privilege** and **not a right**. **Failure of students** to follow the school rules and regulations **may** result in:

- **Loss** of student bus transportation to and from school on a temporary basis
- In or out of school **suspension**
- ***Expulsion** from the Ambridge Area School District

*An incident of student disruption such as fighting which causes the driver to stop or pull the bus off the road and call for law enforcement, Bus Company, or school officials and/or emergency services will be treated as conduct that may lead to expulsion from the Ambridge Area School District. **PARENTS - Again we ask for your support in making student bus transportation in the AASD a safe and pleasant experience for all students**

NOTE: *The PRINCIPAL has an obligation to address all bus issues including any violation which may not be listed above.*

Some bus offenses receive school suspension, as well as a bus suspension. This action is at the discretion of the building principal and in accordance with the school district policy. Absence or tardiness due to loss of bus riding privileges will be considered **ILLEGAL** and appropriate action will be taken. **IF AN OFFENSE NECESSITATES IMMEDIATE BUS SUSPENSION, A WARNING WILL BE BYPASSED.**

Students needing to ride a different bus must submit a written note from their parent/guardian containing the following information: bus number, bus stop, reason for the request, and a parent/guardian phone number where they can be reached for confirmation. This request must be submitted to the office when the student arrives at school in the morning. If approved, a bus pass will be available in the office during the student's lunch period.

STUDENT RESPONSIBILITIES

Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.

STUDENTS DO NOT HAVE THE RIGHT TO INTERFERE WITH THE EDUCATION OF FELLOW STUDENTS. IT IS THE RESPONSIBILITY OF ALL STUDENTS TO RESPECT THE RIGHTS OF TEACHERS, STUDENTS, ADMINISTRATION AND ALL OTHERS WHO ARE INVOLVED IN THE EDUCATION PROCESS.

Students should, therefore, express ideas and opinions in a respectful manner so as not to offend, slander, or threaten the safety of others.

It is the **student's responsibility** to:

1. Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them.
2. Be willing to volunteer information in matters relating to health, safety, and welfare of the school community and the protection of school property.
3. Dress and groom to meet fair standards of safety and health, so as not to cause disruption of the educational process (see specific dress code located on page 11)
4. Assume that until a rule is waived, altered or repealed it is in full effect.
5. Assist the school staff in operation of a safe school for all students enrolled therein.
6. Be aware of and comply with state and local laws.
7. Exercise proper care when using public facilities and equipment.
8. Attend school daily, except when excused, and be on time to all classes and other school functions.
9. Make all necessary arrangements for making up work when absent from school.
10. Pursue and attempt to satisfactorily complete the courses of study prescribed by state and local school authorities.

PHILOSOPHY OF DISCIPLINE

In order to live and work in an orderly democratic school environment, it is necessary to establish rules and regulations, which will ensure the rights and welfare of all. These rules and regulations are designed to create a safe and supportive learning environment for all students. This is a collective responsibility. When these regulations are violated, the student will be subject to an appropriate form of discipline.

Many matters are handled initially by teachers and other professionals in a constructive manner. Typically, behavior interventions progress in a classroom environment in the following manner: warning/private conference with the student, contact home to parents/guardians. Teachers may require classroom detentions before referring the matter to administration.

In all cases, the administration retains the right to use its discretion in evaluating cases; which may lead to OSS or referral for expulsion. Reference to the Principal is inclusive of her designees, such as the Assistant Principal.

The district does not discriminate against students with disabilities relative to discipline or implementation of the Code of Conduct. In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations.

The district reserves the right to escalate and mitigate discipline based on individualized review of each matter, the circumstances and other relevant factors.

STUDENT DISCIPLINE POLICY TEACHER DETENTION

The teacher has the right to assign a teacher detention(s) with a student for any minor disciplinary infractions. All detentions assigned by teachers will be served in their classroom or designated area. DRUG AND ALCOHOL/TOBACCO POLICY

DRUG AND ALCOHOL POLICY

- A. Everyone is concerned about drug and alcohol abuse and its effects on the well-being of our children. The Ambridge Area School District has adopted an extensive drug and alcohol policy, which outlines specific rules and regulations to provide a safe, drug-free environment for learning. Students will be responsible for the policy's contents, which are outlined in this handbook. Failure to comply with this policy will lead to a variety of serious consequences with the school and with the legal authorities as outlined in the policy.
- B. The Ambridge Area School District recognizes that the misuse of drugs and alcohol is a serious problem with legal, physical, and social implications for the whole school/community. The following regulations and guidelines represent a coordinated effort to openly and effectively respond to the health needs of the students in our District.

- E. Selling is: the transfer (i.e., for sale or for free), distributing, or attempting to distribute alcoholic beverages, drugs, substances, or health–endangering compounds or substances which may or may not be controlled by Pennsylvania law, regardless of whether the substance transferred, sold, or distributed, or attempted to be transferred, to be sold or distributed is actually the substance represented.
- F. As an integral part of the Ambridge Area School District, these guidelines represent one component in a district-wide effort to respond effectively to any health endangering substances or situations that may occur at school-sponsored activities. The Ambridge Area School District will take all steps necessary to provide a safe and healthy environment for the students with due consideration for their legal rights and responsibilities.

TOBACCO POLICY

Smoking and use of tobacco products will not be permitted in any indoor or outdoor area, stadium and field areas, or other school district property. Smoking and all other uses of tobacco by students and faculty (school personnel) will not be permitted at any school-sponsored event taking place on or off school property. Smoking electronic cigarettes regardless of whether or not they contain tobacco derivatives is also prohibited.

The administration will confiscate all drug, alcohol, and tobacco products that students possess during school hours. Use and/or possession of any drug, alcohol, and/or tobacco products will result in a Level III disciplinary action (see disciplinary policy, page 21), which can include suspension/referral to the magistrate under the law recently established by Pennsylvania legislation.

AMBRIDGE AREA SCHOOL DISTRICT RESPONSIBLE USE POLICIES

DISTRICT ISSUED STUDENT DEVICES

- District iPads will be provided to students for grades Kindergarten through five. District laptops will be provided to students in grades six through twelve. This District device is designed to be the student's personal learning device. As is the case with all technology used at or owned by Ambridge Area, students are governed under the rules and regulations covered in Ambridge Area's Board Approved Responsible Use Policy #815, other Board policies, the Student Handbook and other official District directives.
- Parents and/or Guardians and Students are required to sign a Student Device Agreement prior to receiving their district issued device. Device terms are outlined in the Device User Agreement document.
- Inappropriate use of a District issued laptop or iPad could result in disciplinary action. In addition to the Responsible Use policy, the following guidelines also apply:
 1. Students may configure additional personal email accounts on the device, but email content resides on the device and will be subject to these rules and regulations.
 2. Mobile device management software and profiles may not be removed from the device.
 3. "Jailbreaking" the device results in the loss of the Apple warranty and is a violation of the terms of use. Using a jail-broken device on the Ambridge Area network is prohibited.
 4. It is expected that students will have their laptop or iPad available each day for class, and that it is charged at home daily.
 5. Laptops and iPads are to be returned as received, except normal wear and tear as determined by the District, when a student withdraws from the District or when requested by any school District official.
 6. Administration reserves the right to access and review student computer/iPad use, the District devices and/or internet and technology use at any time. Students have no privacy interest in District provided technology devices or their use of District technology.
 7. The Ambridge Area School District Responsible Computer, Telecommunications, and Information Technology Use School Board Policy #815 applies to all students and staff using laptop computers and iPads, regardless of location.
 8. The assignment and use of a laptop computer is considered to be a privilege. Inappropriate use or neglect of a laptop, iPad, charger, the Internet and/or any installed software could

12. Lost devices are the responsibility of the student. If an iPad is lost, the student and his/her parent or guardian will be charged the replacement cost.
13. Replacement cost for stolen iPads or laptops will be dealt with on a case-by-case basis. No stolen iPad or laptop will be replaced without a copy of a police report.
14. Find my iPad must be enabled on all student iPads. If a student disables Find my iPad and the iPad is lost or stolen, the replacement cost for the parents will be the full cost of a new iPad.
15. Any other directive communicated by the District to students and their parents/guardians must be followed.

DATA BACKUP

Students are responsible for maintaining a backup of all data on the laptop or iPad, either by using your District Office 365 account or another means such as a flash drive. Ambridge Area School District is not responsible for data loss in the event of a device failure or malfunction.

OFFICE 365 STUDENT ACCOUNT INFORMATION

Ambridge Area School District has purchased Office 365 for all students in Grades K-12 to allow for collaboration using our custom implementation of Office 365. These accounts are for school district curriculum and instruction. The rules governing proper electronic communications by students are included in our Responsible Use Policy in conjunction with School Board Policy #815 and may be amended from time to time. The primary purpose of Office 365 is for students to have access to Office applications from any device with a connection to the internet. The

Office 365 suite is cloud-based and accessible from anywhere. Students will use Office 365 to communicate with staff, send and receive emails, access school assignments, collaborate with fellow students on school activities and store files in OneDrive. Students may attend school virtually and engage in synchronous learning opportunities with educators and classmates using Teams. Collectively, these are referred to as the "Office 365 Apps."

Students have access to the current desktop Microsoft Office suite on a maximum of five personal computers and five mobile devices. Students have access to 1TB of cloud storage that will allow access to files both at home and at school. Account usernames and passwords will be provided to parents upon request so parents may monitor the account. Use of the school's Office 365 program is a privilege, and may be revoked at any time for misuse. Official student email addresses will be assigned. This account is considered the student's official AASD email address until such time as the student is no longer enrolled at AASD. This is the same username and password that the students use to log in to the network at school followed by @ambridgearea.org, for example, 26jasmith68@ambridgearea.org. All students should already know their usernames and passwords. If they do not, they should contact their homeroom teacher or the technology department.

Administration reserves the right to access and review student content in Office 365 at any time and to update or to change its technology offerings. AASD complies with all state and federal privacy laws. As with any educational endeavor, we feel that a strong partnership with families is essential to a successful experience.

SUPERVISION AND MONITORING

AASD administrators and their authorized employees monitor all information technology resources to ensure that student utilization is secure and conforms to this policy. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, and/or security of any student or other person, or to protect property. They may also use this information in disciplinary actions and will furnish evidence of crime to school officials and law enforcement. Teachers will make every reasonable effort to monitor conduct in order to maintain a positive learning community. All users will respect each other's time and efforts by supporting the same positive approach.

CONSEQUENCES FOR VIOLATIONS

Failure to comply with district Acceptable Use Policies may result in disciplinary action by faculty and/or administration including the loss of use of the school's information technology resources and possible referral to law enforcement agencies.

BULLYING, CYBERBULLYING, DISCRIMINATION, INTIMIDATION AND HARASSMENT

The Ambridge Area School District is committed to creating a positive learning environment where everyone feels safe, accepted and valued.

There will be no physical/verbal intimidation or racial/ethnic discrimination or harassment against any Ambridge Area student/teacher. Sexual harassment, bullying and hazing are not permitted. Students who violate this policy will be disciplined by the administration and may face legal charges.

There are consequences for the bully. First offense: the bully will be warned, guided toward appropriate behavior, and reminded of future consequences if it is done again. Second offense: the bully will be given a stronger warning, the parents will be called, more guidance toward appropriate behavior, and another reminder of what future consequences will be. If a student commits a third offense, that student will be sent to the office for possible suspension. Harassment charges may be filed if the bullying continues.

Visitor Management Board Policy

Upon arrival at the school, visitors must register at the designated sign-in location. All visitors must provide valid government issued photo identification. Visitor IDs will be scanned against multiple databases to ensure the safety of our students. Once approved, all visitors will be issued a badge that must be worn at all times on school property. All visitors must sign out before exiting. Further details are outlined in our building level visitor policy.

Visitor Management Student Handbook Policy

RAPTOR is a web-based software application developed with the purpose of aiding educational facilities in tracking their visitors, students and faculty. RAPTOR not only provides an effective, efficient method for tracking, but also goes beyond conventional applications by utilizing available public databases to help control campus security. RAPTOR allows schools and facilities to produce visitor badges and electronically check all visitors against registered sexual offender databases. The overall goal is to better control access to all Ambridge Area schools, thus providing enhanced protection for our students and staff.

McKinney-Vento Homeless Assistance Act

Life is uncertain, but your child's education doesn't have to be. Even if you lost a permanent residence, your child can receive help to stay in their home school district. Pennsylvania's Education for Children and Youth Experiencing Homelessness Program ensures every child deserves school stability.

- Staying with friends or family because you lost housing.
- Living in a shelter, including transitional programs
- Staying in motels because you cannot get your own home.
- Living on the streets, in a car, van, tent or other nonpermanent structure.

- A shelter.
- A motel or campground due to the lack of an alternative adequate accommodation.
- A car, park, abandoned building, bus or train station.
- Doubled up with other people due to loss of housing or economic hardship.

As an eligible student you have the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in the local school or continue attending your school of origin (the school you attended when permanently housed or the school in which you were last enrolled), if that is your preference and is feasible.

If the school district believes that the school selected is not in your best interest, the district must provide you with a written explanation of its position and inform you of your right to appeal its decision.

- Receive transportation to and from the school of origin, if you request this.
- Receive educational services comparable to those provided to other students, according to your needs as a student.

- *Complete class work on time.*
- *Read at least 30 minutes every day outside of school time.*
- *Give to my parents or the adult who is responsible for my welfare all notices and information received by me from my school every day.*

State Street Elementary School will:

- 1 Involve parents in the planning, review, and improvement of the school's parental involvement policy, in an organized, ongoing, and timely way.
- 2 Hold an annual meeting to inform parents of the school's participation in Title I, Part A programs, and to explain the Title I, Part A requirements, and the right of parents to be involved in Title I, Part A programs. The school will convene the meeting at a convenient time to parents, and will offer a flexible number of additional parental involvement meetings, such as in the morning or evening, so that as many parents as possible are able to attend. The school will invite to this meeting all parents of children participating in Title I, Part A programs (participating students), and will encourage them to attend.
- 3 Provide to parents of participating children information in a timely manner about Title I, Part A programs that includes a description and explanation of the school's curriculum, the forms of academic assessment used to measure children's progress, and the proficiency levels students are expected to meet.
- 4 On the request of parents, provide opportunities for regular meetings for parents to formulate suggestions, and to participate, as appropriate, in decisions about the education of their children. The school will respond to any such suggestions as soon as practicably possible.
- 5 Provide to each parent an individual student report about the performance of their child on the State assessment in at least math, language arts and reading.
- 6 Provide each parent timely notice when their child has been assigned or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified within the meaning of the term in section 200.56 of the Title I Final Regulations (67 Fed. Reg. 71710, December 2, 2002).

2022-2023 PARENT AND FAMILY ENGAGEMENT POLICY

1. State Street Elementary School has developed a written Title I Parent and Family Engagement Policy with input from all stakeholders in the community. Parent survey responses and group discussions guide our services. The policy is distributed to parents though mail and is available on our website at <http://www.ambridge.k12.pa.us>. The policy describes the means for implementing the following Title I parent and family engagement opportunities in accordance with The Every Student Succeeds Act Public Law 114- 95 Section 1010.
2. State Street Elementary School will convene an annual meeting to inform parents about the School-wide Title I Program, program requirements, parental engagement rights, and how to be involved in Title I Program Activities.
3. Parent-teacher conferences are available at State Street Elementary School. Flexible hours are available for parent convenience. In addition, State Street Elementary School has Parent/ Teacher Conference Days built into the school's calendar in November 8, 2022, and March 3, 2023, along with an evening open house in September. Parents may schedule to discuss their child's academic and social progress and participate in the decision-making process relating to their child's education.
4. Title I funds may be used to pay essential expenses related to Parent Involvement Activities to ensure parents may participate in Title I related meetings or trainings.
5. State Street Elementary School will provide parents with information about its School-wide Title I Program along with notification of Title I related events and activities. These events are posted on the school's website, sent home by written notification with students, and communicated electronically through the District's mass notification system. Translation options are available if necessary.
6. State Street Elementary School will provide assistance to parents to enhance their understanding of PA Core Standards along with the District's curriculum beginning at the school's annual Title I Parent and Family Engagement Event. In addition, assessments used to monitor student progress and proficiency levels students are expected to meet are explained.
7. If requested by parents, State Street Elementary School will provide opportunities for regularly scheduled meetings, in addition to other scheduled events, to help assist parents in meeting their child's educational needs. Topics for these meetings would be based on the needs of an individual student. Topics may include but are not limited to: academic progress, student conduct, attendance, or future planning.

8. State Street Elementary School will distribute electronic report cards in October, November, January, March, and June. Progress reports will be issued in October, December, February, and April. The progress reports will be constructive in content and provide areas of potential improvement. As needed, students will be referred to the Student Assistance Program and/or Child Study Team for developing individualized intervention strategies.
9. The State Street Elementary School Parent Family Engagement Policy was discussed and developed with parents in accordance with ESSA regulations on June 25, 2020. This plan promotes the idea that the entire school community is responsible for improved student growth and academic achievement.

Additional Website Posting Requirements: School Code section 510.2 also specifies requirements for policies, rules and regulations that must be published on the school district's publicly accessible Internet website. Click [here](#) for a listing of those posting requirements.

Numerous federal laws require school districts to provide students, parents, and/or the public with notices, many of which must be provided at the beginning of the school year. Federal agencies or other entities oftentimes create “model” notices (or provided information useful to creating notices) that can easily be tailored to meet individual district needs. In this document are some of the notices required by federal law, including the methods required to give notice where it is specified in the statutes and/or regulations. Where available, links to model notices or guidance documents that may be of assistance in writing such notices are provided. Not included are employment-related notices required by federal or state law.

Every Student Succeeds Act

The Every Student Succeeds Act of 2015 (ESSA), requires state education agencies, school districts, and individual schools to provide numerous notices to parents, the public, and others. ESSA reauthorizes the Elementary and Secondary Education Act (ESEA), the nation’s national education law and longstanding commitment to equal opportunity for all students. Several ESSA provisions are summarized in the U.S. Department of Education’s [Transitioning to the Every Student Succeeds Act Frequently Asked Questions](#) (January 2017), which also has information about ESSA notice requirements that differ from those under No Child Left Behind Act (NCLB).

ESSA requires that states and school districts engage families and parents in the work of ensuring positive outcomes for all students. School districts that receive Title I funds must have written family and parent engagement policies with expectations and objectives for implementing meaningful family and parent involvement strategies. They are required to involve family members and parents in developing district plans and to provide technical assistance to schools on planning and implementing effective family and parent involvement activities to improve student academic achievement and school performance. ESSA requires all school districts that receive Title I funds to implement an effective means of outreach to parents of English learners and hold regular meetings for those parents. See the U.S. Department of Education’s [Policy Statement on Family Engagement](#) for more information. Also, see the Department’s guidance on [ESSA Assessments under Title I, Part A and Title I, Part B: Summary of Final Regulations](#) and [chart](#), which compares drafted guidance with relevant prior guidance on Title I.

Under ESSA, SEAs and LEAs that receive Title I funds must publish state and local report cards on their websites that are concise and in an accessible format. ESSA makes Title I funds accessible to private schools and the Department of Education has provided non-regulatory guidance on this topic. See the non-regulatory guidance here: [Title I, Part A of the Elementary and Secondary Education Act of 1965, as Amended by the Every Student Succeeds Act: Providing Equitable Services to Eligible Private School Children, Teachers, and Families](#) (October 7, 2019). For additional guidance, see also the U.S. Department of Education’s [Crosswalk Between Draft Title I, Part A Guidance on Equitable Services and Prior Non-Regulatory](#) (March 28, 2019) and [Dear colleague letter on state plan amendments, school identification, reporting, and technical assistance](#) (October 24, 2019).

The supplement-not-supplant requirement under Title I changed under ESSA, but the U.S. Department of Education has not issued draft regulations. Instead, in 2019 the Department provided a [Title I, Part A supplement non supplant non-regulatory informational document](#) along with a [summary response to comments on the informational document](#).

Family Educational Rights and Privacy Act

Pursuant to the Family Educational Rights and Privacy Act (FERPA), school districts must provide parents/guardians and eligible students (students at least 18 years of age) with annual notice of their rights to inspect and review education records, amend education records, consent to disclose personally identifiable information in education records, and file a complaint with the U.S. Department of Education. [34 C.F.R. § 99.7\(a\)\(2\)](#). The notice must include the procedure to request and review education records, as well as a statement that records may be disclosed to school officials without prior written consent. This statement should define a school official and what constitutes a legitimate educational interest providing the basis for accessing a student's educational records. [34 C.F.R. § 99.7\(a\)\(3\)](#). Notice may be provided in any way that is reasonably likely to inform parents of their rights, and must effectively notify parents who have a primary or home language other than English and parents/guardians or eligible students who are disabled. [34 C.F.R. § 99.7\(b\)](#). The annual notification may be published by various means, including any of the following: in a schedule of classes; in a student handbook; in a calendar of school events; on the school's website (though this should not be the exclusive means of notification); in the student newspaper; and/or posted in a central location at the school or various locations throughout the school. See the Department of Education's Protecting Student Privacy [FERPA General Guidance for Students](#) (April 2020) for information about FERPA. For an additional resource also see the [FERPA Model Notification of Rights for Elementary & Secondary Schools](#) (April 2020).

Under FERPA, school districts may disclose directory information if they have given public notice to parents/guardians and eligible students of what information has been designated as directory information, and when and how parents/guardians and eligible students may opt out of allowing the district to disclose their directory information. [34 C.F.R. § 99.37\(a\)](#). Finally, under ESEA, school districts must provide notice that they routinely release the names, addresses, and phone numbers of secondary students to military recruiters unless parents opt out in writing. [20 U.S.C. § 7908](#). School districts may provide this notice as part of their general FERPA notice. The Protecting Student Privacy website provides a template notice for notifying parents and eligible students, which can be found here: [FERPA Model Notice for Directory Information](#).

FERPA regulations permit LEAs and schools to adopt limited directory information policies that allow the disclosure of directory information to specific parties, for specific purposes, or both. [34 C.F.R. § 99.37\(d\)](#). It is up to individual LEAs and schools to decide whether to adopt limited directory information policies and how to implement them.

The regulations' directory information exception makes clear that parents/guardians and eligible students may not, by opting out of the disclosure of directory information, prevent an LEA or school from requiring a student to wear or present a student ID or badge. [34 C.F.R. § 99.37\(c\)](#). While the Department does not require LEAs or schools to establish policies mandating that students wear badges, these are individual decisions that LEAs and schools should make, considering local circumstances.

The U.S. Department of Education recommends that districts post all FERPA and PPRA (see below) notices, including the directory information policy, on their websites. For more information, see the U.S. Department of Education's Privacy Technical Assistance Center's [Transparency Best Practices for Schools and Districts](#) (p. 5). The Department provides additional guidance on FERPA at <https://studentprivacy.ed.gov/>, including:

Protection of Pupil Rights Amendment

The Protection of Pupil Rights Amendment (PPRA) requires school districts to adopt several policies regarding surveys of students, instructional materials, physical examinations, personal information used for marketing, and the like. Parents must be notified of these policies at least annually at the beginning of the school year and within a reasonable time period after any substantial change to the policies. [20 U.S.C. § 1232h\(c\)\(2\)\(A\)](#). The Department of Education's Protecting Student Privacy provides a [PPRA Model General Notice of Rights](#) and a [PPRA Model Notice and Consent/Opt-Out for Specific Activities](#) on its website.

If a district plans to (1) use students' personal information for selling or marketing purposes; (2) administer any survey about any of the eight topics listed in the statute (political beliefs, income, sex behavior or attitudes, etc.); or (3) administer certain non-emergency, invasive physical examinations, the district must directly notify parents at least annually at the beginning of the school year of the specific or approximate dates when these activities are scheduled or expected to be scheduled. [20 U.S.C. § 1232h\(c\)\(2\)\(B\), \(c\)\(2\)\(C\)](#).

The Department of Education's Protecting Student Privacy [lists policies](#) that PPRA requires LEAs to develop, with the consultation of parents. These policies concern privacy, parental access to information, and administration of physical examinations of minors. **NOTE:** This document also contains resources regarding FERPA and remote learning due to COVID-19.

The Department of Education's Protecting Student Privacy provides all FERPA and PPRA model notices at: <https://studentprivacy.ed.gov/annual-notice>.

Child Nutrition Programs

If school districts participate in the National School Lunch Program, the School Breakfast Program, or the Special Milk Program, they must provide both parents and the public with information about free and reduced-price meals and/or free milk near the beginning of each school year. [7 C.F.R. § 245.5](#). Districts also must provide parents with an application form. Districts may not disclose children's free and reduced eligibility status, unless the requestor of such information falls into one of the categories specified in the National School Lunch Act. [42 U.S.C. § 1758\(b\)\(6\)\(A\)\(i\)-\(v\)](#).

The USDA's [Eligibility Manual for School Meals](#) contains information on federal requirements regarding the determination and verification of eligibility for free and reduced-price meals in the National School Lunch Program and the School Breakfast Program. The document notes what the application for these programs is to contain and includes a link to an online application. The document also describes to whom (pp. 83-84), and under what conditions information regarding free and reduced eligibility status may be disclosed (pp. 83-93).

Striving to reduce paperwork, Congress incorporated [three alternative provisions](#) into the standard requirements for annual determinations of eligibility for free and reduced-price school meals. Additionally, in schools where at least 80 percent of enrolled students have free or reduced-price meal eligibility, annual notification of program availability and certification only needs to occur once every 2 consecutive school years.

The 2016 amendment to the Healthy, Hunger-Free Kids Act of 2010 requires school districts to inform and update the public (including parents, students, and others in the community) about the content and implementation of their local school wellness policies. [42 U.S.C. § 1758b\(b\)\(4\)](#). School districts also must periodically measure and report on implementation of their local school wellness policies, including: (1) the extent to which schools under the jurisdiction of the local school district are in compliance with its local school wellness policy; (2) the extent to which the local school wellness policy of the local district compares to model local school wellness policies; and (3) the progress made in attaining the goals of the local school wellness policy. [42 U.S.C. § 1758b\(b\)\(5\)\(A\)](#). The USDA final rules for local school wellness policies, which became effective on August 29, 2016, appear at 7 CFR Parts 210 and 220. See the USDA's [Local School Wellness Policy](#) for other child nutrition-related information.

The USDA published a [guide](#) on July 25, 2017 that highlights requirements for accommodating children with disabilities who participate in School Meal Programs. With the help of school food service staff, LEAs must implement procedures to enable parents and guardians to request modifications to meal services for their children with disabilities. [7 C.F.R. §§ 15b.25, 15b.6 \(b\)](#). LEAs must notify parents and guardians of both the process (1) to request meal modifications that accommodate the child's needs; and (2) for resolving disputes. The hearing process must follow the necessary [procedural requirements](#): notice, right to counsel, opportunity to participate, and examination of the record.

According to the [Local School Wellness Policy: Guidance and Q&As](#) (2017), the USDA does not require a specific timeline for updates to a wellness policy. Ideally, however, the policy should be updated after conducting a triennial assessment. [7 C.F.R. § 210.31\(e\)\(3\)](#). **NOTE:** The Food and Nutrition Service established a [nationwide waiver to support schools unable to complete a triennial assessment of the local school wellness policies due to school closures](#). The updates are dependent on the structure of the LEA's policy. An LEA must notify the public about the content of its policy annually and discuss any

updates. [7 C.F.R. § 210.31\(d\)\(2\)](#). It also must inform the public about the progress made towards meeting the goals of the local school wellness policy. [7 C.F.R. § 210.31\(d\)\(3\)](#).

NOTE: Due to the COVID-19 pandemic, USDA is granting states significant program flexibilities and contingencies to best serve program participants across their 15 nutrition programs. View the Food and Nutrition Services of the USDA's [Response to COVID-19](#) website for more information.

Asbestos Hazard Emergency Response Act

The Asbestos Hazard Emergency Response Act (AHERA) requires school districts to inspect their buildings for asbestos-containing building materials, and develop, maintain, and update an asbestos management plan. School districts must annually notify parents, teachers, and employee organizations in writing of the availability of the management plan and planned or in-progress inspections, reinspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities. [40 C.F.R. §§ 763.84\(c\), \(f\), 763.93\(g\)\(2\)](#).

McKinney-Vento Homeless Assistance Act

The McKinney-Vento Homeless Assistance Act requires school districts, through their homeless student liaisons, to provide public notice of the education rights of the homeless students enrolled in their districts. [42 U.S.C. § 11432\(e\)\(3\)\(C\)\(i\)](#). Such notice is to be disseminated in places where homeless students receive services under this Act, including schools, family shelters, and soup kitchens. [42 U.S.C. § 11432 \(g\)\(6\)\(A\)\(vi\)](#). The notice must be in a “manner and form” understandable to homeless students and their parents/guardians, “including, if necessary and to the extent feasible,” in their native language. [42 U.S.C. § 11432\(e\)\(3\)\(C\)\(iii\)](#).

The U.S. Department of Education has issued [guidelines](#) for states, which address ways a state may (1) assist LEAs to implement McKinney-Vento, as amended by ESSA, and (2) review and revise policies and procedures, along with LEAs, that may present barriers to the identification, enrollment, attendance, and success of homeless children and youths in school.

In March 2017, the U.S. Department of Education updated the [Education for Homeless Children and Youths Program Non-Regulatory Guidance](#). This document highlights the key changes brought about by ESSA. For notice requirements under “tips for establishing an effective dispute resolution process”, see page 33.

Additional resources available from the U.S. Department of Education include: [Dear Colleague Letter: educational rights of homeless children and youths](#) and guidance on [Supporting the Success of Homeless Children and Youths](#). Also, the National Center for Homeless Education (funded by the U.S. Department of Education) has created free [Educational Rights posters](#) (in black/white or color; English/Spanish; parents/students).

NOTE: Due to the COVID-19 pandemic, districts may request [flexibility waivers](#) from the Department of Education.

Title VI, Title IX, Section 504, the Age Discrimination Act, Title II of the Americans with Disabilities Act, and the Boy Scouts of America Equal Access Act

Several federal statutes protect the rights of beneficiaries not to be discriminated against in programs or activities receiving federal and/or state financial assistance. Specifically, the following statutes prohibit discrimination: [Title VI, 34 C.F.R. § 100.6\(d\)](#) (race, color, ethnicity, and national origin); [Title IX, 34 C.F.R. § 106.9](#) (sex and pregnancy); [Section 504, 34 C.F.R. § 104.8](#) and [Title II, 28 C.F.R. § 35.106](#) of the Americans with Disabilities Act (disability); and the [Age Discrimination Act, 34 C.F.R. § 110.25](#) (age). [The Boy Scouts of America Equal Access Act, 34 C.F.R. § 108.9](#) requires public schools to provide equal access to the use of school property to the Boy Scouts and other designated youth groups.

The regulations implementing the above statutes require school districts to notify students, parents, and others that they do not discriminate on the basis of race, color, ethnicity, national origin, sex, pregnancy, disability, or age, and that they provide equal access to the Boy Scouts and other designated youth groups. The regulations contain minor differences relating to the required content of the notices and the methods used to publish them.

The U.S. Department of Education’s [Notice of Non-Discrimination](#) describes the content requirements of notices under these statutes, including the methods of notification required by Title IX and Section 504, and contains a sample notice of non-discrimination school districts may use to meet the requirements of all of the above statutes. **NOTE:** The notice must include the name or title and contact information of the coordinators designated to handle complaints under Title IX ([34 C.F.R. § 106.8](#)), Section 504 ([34 C.F.R. § 104.8](#)), the Americans with Disabilities Act ([28 C.F.R. § 35.107](#)), and the Age Discrimination Act ([34 C.F.R. § 110.25](#)).

Pursuant to new Title IX regulations effective August 14, 2020, instead of notifying only students and employees of the Title IX Coordinator’s contact information, schools must also notify applicants for admission and employment, parents or legal guardians of elementary and secondary school students, and all unions of the name or title, office address, e-mail address, and telephone number of the Title IX Coordinator. Additionally, schools must prominently display the required contact information for the Title IX Coordinator on their websites.

Individuals with Disabilities Education Act

Under the Individuals with Disabilities Education Act (IDEA), a school district must give parents of a child with a disability a copy of its procedural safeguards one time per year, and upon initial referral or parental request for an evaluation, the filing of a first request for a due process hearing, a disciplinary action constituting a change in placement, and at the request of a parent. [20 U.S.C. § 1415\(d\)\(1\)\(a\)](#); [34 C.F.R. § 300.504\(a\)](#). The notice must fully explain the IDEA’s procedural safeguards in an easily understandable manner, and in the native language of the parents unless it is clearly not feasible to do so. [20 U.S.C. § 1415\(d\)\(2\)](#); [34 C.F.R. § 300.504\(c\), \(d\)](#). Parents may choose to receive the procedural safeguards notice and other notices under the IDEA by email, if the LEA makes this option available. [20 U.S.C. § 1415\(n\)](#); [34 C.F.R. § 300.505](#).

The U.S. Department of Education’s [Model Form: Procedural Safeguards Notice](#) provides guidance on required content of forms under the IDEA. **NOTE:** The procedural safeguards notice requirements in the IDEA also apply to parents of homeless children with disabilities. For more information, see Question B-2 in [Questions and Answers on Special Education and Homelessness](#) by the Office of Special Education and Rehabilitative Services and the Office of Elementary and Secondary Education.

The U.S. Department of Education analyzed when and how parents must be notified before “records containing personally identifiable information are destroyed under Part B of IDEA.” The question considered was whether “under [34 C.F.R. § 300.624](#), a school district must specifically notify parents at the time the district intends to destroy [a student’s] records or whether such notice must be provided at the time the records are no longer needed.” The Department provides a [letter](#) that states under the IDEA, parents must be informed when the personally identifiable information is no longer needed to provide services. **NOTE:** The Department also addresses inquiries concerning the implementation of [IDEA Part B procedural safeguards in the current COVID-19 environment](#) in guidance released June 30, 2020.
