BRIDGER HALL OF HONOR

The Bridger Hall of Honor seeks nominations of distinguished alumni each year for consideration. The award honors our notable alumni who have been outstanding in their professional accomplishments and have made significant achievements in their local/global communities. The Bridger Hall of Honor also provides inspiring role models for the students in our district and celebrates the distinguished achievements of our graduates. We have recognized several amazing alumni who have one factor in common: they began their journey as a Bridger!
